

2019 ATTRACTIONS PASS

The aim of the Card is to encourage our members to get to know one another, and thus cross promote each other's services.

To obtain access to a participating visitor attraction/business, members should present their Tourism Association Membership Card on arrival and be prepared to produce secondary identification if required. All offers are for the sole use of the named cardholder only.

We ask members to respect the card and the goodwill of those businesses who accept it.

If a provider business feels they are being taken advantage of, then they have the right to withdraw or amend their offer at any time without prior notice.

We would respectfully ask that this card is used in the spirit with which it is issued and not as a PASS for multiple uses at singular attractions.

If you have any questions about the use of your card, please contact Tourism Swansea Bay on 01792 371441
